Non-Traditional Placement of Container(s) and Additional Charges for Delivery or Pick-Up
Rev. 05-14-20

Your container is being picked up from, or delivered to, a “non-traditional” space.

Our drivers arrive at a pick-up or delivery location sight-unseen. Please be advised that any situation causing our driver to spend time beyond the normal allotment to load/unload a container will incur additional charges of \$125.00 an hour. This will be passed on to you, the “customer.”

Non-traditional spaces consist of, but are not limited to the below:

- Off the normal roadway or driveway
- Inability to maneuver truck onto site without problems
- Access roads or driveways that curve and/or have tight openings or turns
- Woodsy access roads and RV lots with bushes, trees, low-hanging branches
- Uneven ground, lawns or grassy fields, marshy ground, deep sand or gravel
- Clutter or debris needing clearing first
- Locked gates, contact person unavailable
- Curbs/Drains/Fields/New soft blacktop surface
- We are not responsible for damage to driveways, gates, fences, parking lots, new pavement and yards in the course of pulling out the container to a loadable position or driving to the location of the container drop
- Any damage to property from pulling a container out to roadway
- Not liable for damages to any contents inside containers, or the **container** itself, empty or loaded
- Our drivers will advise you if they believe the ground to be unsuitable for travel, if you insist on placement/pickup of container on ground we feel we will have issues on, you will be financially responsible for recovering the truck at \$125/hr port-to-port for the tow truck, plus \$125/hr for the transport truck to sit there
- Other(write-in): _____
